## HOBBIES

- Playing and analyzing videogames: I love to spend my free time playing and analyzing anything that composes a videogame.
- Programming: programming is what makes me able to prototype videogames which is something i thoroughly enjoy and do in my free time!
- Reading: I don't read often but when i do i completely immerse myself in the books at my disposal. I usually am very interested in philosophical themes as well as any lovecraftian work.
- Playing the guitar: Sometimes i like to pick up my guitar and try to learn a song or two. This also reflects my big passion for rhythm games.
- **Avid D&D lover!**

# Giuseppe Luigi Alfieri

Technical Game Designer

## ABOUT ME

I am an aspiring Game Designer looking to innovate videogames worlds through new and astonishing gameplay mechanics. My dream is to be able to direct a videogame that will perfectly embody the communion of gameplay mechanics with the world built around them.

## WORK EXPERIENCE

**N DOES IT BETTER STUDIO | JUNE 2022 - PRESENT 2022**

### Game Developer

- Project Management
- Game Design Document and full documentation of the development of the game
- Game Designer (Mechanics and World Structure)
- World Building
- Level Designer
- Gameplay Programmer (Prototyping and Camera System)

**CREATIVITY UNLEASHED | MAY 2021 - OCTOBER 2021**

### Unreal Engine Tutor

- Creation of a 16 hour course to introduce students to the unreal engine blueprints and common programming structures.

**CINEON IMMERSIVE TRAINING | APRIL 2020 | PENRYN, UK**

### Game Developer

- Created the table of interaction in "Task 2 - Content learning area" for the PPE training project.
- Production of the functionality for the cross referencing of scenarios.

## EDUCATION

**MASTER DEGREE | NOVEMBER 2021 - ONGOING**

### First Level Master Degree

University of Verona

- C#
- C++
- Unreal Engine
- Unity Engine
- Geometric/Trigonometric Knowledge
- Game Production
- AI Programming
- Physics Programming
- Mobile Programming
- Sound Programming
- Network Programming

**BA(HONS) | SEPTEMBER 2018 - JUNE 2021 | PENRYN, UK**

### Games Development: Design

Falmouth University.

**HIGH SCHOOL DIPLOMA | SEPTEMBER 2012 - JUNE 2017 | NOLA, IT**

### High school Diploma with scientific focus

I.S.I.S. Albertini Nola
